DETAILED ACTION

Response to Arguments

1. Applicant's arguments, filed 10/31/2007, with respect to Claims 1-7 have been fully considered and are persuasive. The rejection of Claims 1-7 has been withdrawn.

Allowable Subject Matter

2. Claims 1-7 are allowed.

The following is an examiner's statement of reasons for allowance:

Claim 1 is directed to a method for monitoring a status of mail communications, in particular, the inclusion of separate communications to separate individual recipients at a given delivery address in the particular mail piece. The mail piece identifier and communication identifier for situations where multiple communications are included in single mail pieces appears to be unique.

The closest prior art Carlin et al. (US 2002/0184324), Ryan (US 7,225,170), Lhomme (US 7,033,133) and Short (7,085,775) do not disclose nor suggest wherein the mail piece identifier and communication identifier for situations where multiple communications are included in single mail pieces (See applicants persuasive argument on pages 2-3, filed 10/31/2007).

The examiner finds no reason or motivation to combine the above or other references in an obviousness rejection thus placing the application in condition for allowance.

3. Any comments considered necessary by applicant must be submitted not later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Neil R. McLean whose telephone number is 571.270.1679. The examiner can normally be reached on Monday through Friday 7:30AM-5:00PM EST.
